Change Healthcare Hiring Team

Dear Hiring Team,

I am thrilled to submit my application for the Software Developer Co-Op position at Change Healthcare, as advertised. Your commitment to transforming healthcare through innovative technology and analytics aligns seamlessly with my passion for impactful software development and problem-solving.

I recently completed my Diploma in Computer Studies at Langara College, equipping me with a strong foundation in software development principles and practices. As a dedicated learner, I am excited by the opportunity to contribute to Change Healthcare's mission of accelerating health care transformation.

Throughout my academic journey, I have honed proficiency in an array of programming languages including C++, Java, and JavaScript. My coursework has also ingrained a solid understanding of software engineering concepts and methodologies. I am drawn to the role's focus on cloud-based solutions and web development, areas where I have hands-on experience.

I am particularly impressed by Change Healthcare's emphasis on collaboration and personal growth, values that resonate deeply with me. I thrive in team environments where I can contribute my skills and continuously learn from experienced professionals. The focus on diversity and inclusion aligns with my belief that diverse perspectives drive innovation.

My practical experience in software development projects has provided me with the technical skills vital for excelling in this role. I have successfully completed projects involving cloud-based applications, including using Node.js for backend development and implementing automated testing. My familiarity with software debugging tools and version control systems further enhances my ability to deliver high-quality code.

One aspect of the role that genuinely excites me is the opportunity to work closely with stakeholders and contribute to the development of cutting-edge solutions. My excellent communication skills, adaptability, and commitment to excellence enable me to effectively collaborate with technical and non-technical stakeholders, ensuring successful project outcomes.

Attached to my application is my resume, detailing my academic achievements, relevant coursework, and practical experiences. I am eager to contribute my skills to Change Healthcare's innovative initiatives and collaborate with a team of driven professionals. With my technical proficiency, proactive attitude, and dedication to growth, I am confident in my ability to excel in this role.

Should you wish to discuss my application further or schedule an interview, please feel free to contact me at (604) 316-5613 or Gurdevsingh95801@gmail.com. Thank you for considering my application. I am excited about the prospect of contributing to Change Healthcare's transformative projects and goals.

Sincerely,

Gurdev Singh
